Epsilon Systems, a 100% Employee-Owned Company, Announces Achievement Awards

Epsilon Systems Wins Two RTX Premier Awards for 2023 Performance

San Diego, CA (May 22, 2024) – Epsilon Systems is pleased to announce that RTX has recognized Epsilon Systems' Advanced Products-West (AP-West) and Epsilon C5I each with a Premier Award for performance in 2023 and overall excellence in Business Management and Collaboration & Customer Service. Epsilon Systems and Epsilon C5I are suppliers of RTX's Raytheon and Collins Aerospace. RTX is a leading aerospace and defense company.

The Premier Award is an annual recognition platform under the RTX Performance+ Program to recognize suppliers with superior performance and that have provided exceptional value to RTX in one of the four key categories: Cost Competitiveness, Technology & Innovation, Business Management, and Collaboration & Customer Service.

"We are truly honored to receive this prestigious award and look forward to continuing our successful partnership with RTX in the future," said Ron Klein, Vice President of Epsilon Systems Advanced Products-West (AP-West), which supplies [Rugged Flat Panel Displays \(RFPD\)](#) to Raytheon. "Receiving the RTX Premier Award is not just a testament to our team's hard work, but also a reflection of our commitment to delivering excellence in every aspect of our business. This recognition underscores our dedication to pushing the boundaries of service and collaboration, ultimately enhancing the value we bring to RTX and its customers."

"We're proud to have consistently delivered outstanding performance, not only in 2023, but also in the previous year, when we first won the Premier Award," said Steve Martin, Vice President of [Epsilon C5I](#). "Our success is a result of the contributions of every member of our team, especially those involved in the Collins Aerospace Cooperative Engagement Capability (CEC) program in Largo, Florida. This award speaks volumes about our team's resolve to continue exceeding expectations in our partnership with RTX."
